# Our SEND Strategy

Our Milton Keynes SEND strategy ends in August 2025 and we are developing a new one.

Please read on to see some of our early thoughts about the new strategy, and to see how your voice can be heard as we develop it further.

# **Our proposed strategy headlines:**

**Children and young people with SEND**

**Are Known**

**Belong**

**Thrive**

**in Milton Keynes**

# How have we come up with these?

We have considered information from across the partnership including

- Direct feedback from parents and carers, young people and schools
- Our self-evaluation which pulls together information about the impact that our services are having in the area
- Our Joint Strategic Needs Assessment which predicts future levels of need in the area

# **We want your views!**

Follow the QR code below to share your thoughts on the following:

- Do you agree that the headings “are known, belong and thrive” are the right aspirations for our area?
- What would you expect to see change in our area as a result of focusing on these ambitions?

# What happens next?

We will capture feedback about the proposed headlines until late April.

In the summer term we will publish a full draft strategy for consultation.
